In some instances, fees may be waived. GRAMA encourages waiving the fee when the request benefits the public rather than a specific individual. GRAMA also encourages the waiver of fees if the requestor is the individual who is the subject of the record - or the guardian. Because GRAMA provides for waivers, a government entity cannot simply state that it will never grant fee waivers. A person who believes that there has been an unreasonable denial of a fee waiver may appeal the denial. If a requestor has not properly paid for previously requested materials, NTFD will hold the current request until the outstanding payment is paid in full for previous requests.

Fire & Life Safety Violation:

This office has completed a fire and life safety evaluation of the premises listed above in accordance with the International Fire Code. You are notified to correct all violations within 14 days of this notice if this is your initial notice, or within 7 days of any subsequent notice. Failure to comply with this notice by making the necessary correction within the time allowed will result in the following:

- Imposition of an initial civil penalty in the amount of \$125.00 will be issued through the NORTH TOOELE FIRE DISTRICT.

Continued non-compliance after the first civil penalty can result in the imposition of additional civil penalties, which are imposed daily. A second violation is \$250, in addition to the \$125 fine. Subsequent violations are \$500 per day. The filing of criminal charges may also occur. These additional penalties are possible if any of the above violation(s) remain on the property, even if one or more violations are corrected. If you disagree with the finding of a violation, you may file an appeal with the Fire Chief of North Tooele Fire District within 10 consecutive days of the date listed on this inspection report/notice. If you have any questions, need clarification on anything in this notice, or require more time for compliance, please contact the North Tooele Fire District Fire Marshal's office. Your cooperation in this matter is appreciated.

(This notice is in accordance with the International Fire Code). This shall not be construed as authority to violate, cancel, or set aside any applicable provisions of fire and life safety codes or those identified by other codes.)

Hazmat / Mitigation Rates - See Attached Mitigation Rates

Fire Recovery USA agrees Company agrees to bill the responsible party on the Client's behalf for services provided/rendered during motor vehicle incidents and other emergency incidents. The Mitigation Rates listed in Exhibit A will increase by 1.5% annually or based on the annual percentage increase in the Consumer Price Index (CPI), as developed by the Bureau of Labor Statistics of the U.S. Department of Labor, whichever is more. Rate adjustments will occur on the anniversary date of entering into an agreement with Fire Recovery USA to keep the District's cost recovery program in conformity with increasing operating expenses. See Attached Mitigation Rates

**MITIGATION RATES
BASED ON PER HOUR
(Per agreement with Fire Recovery USA)
Resolution Number 2019R-04**

The mitigation rates below are average “billing levels”, and are typical for the incident responses listed, however, when a claim is submitted, it will be itemized and based on the actual services provided.

These rates are based on actual costs using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance). Labor rates include an average department’s actual burdened labor costs and not just a firefighter's wage. These include wages, retirement, benefits, workers comp, etc.

MOTOR VEHICLE INCIDENTS

Level 1 - \$537.00

Provide hazardous materials assessment and scene stabilization. This will be the most common “billing level”. This occurs almost every time the Fire District responds to an accident/incident.

Level 2 - \$613.00

Includes Level 1 services as well as clean up and material used (sorbents) for hazardous fluid clean up and disposal. We will bill at this level if the fire department has to clean up any gasoline or other automotive fluids that are spilled as a result of the accident/incident.

Level 3 – CAR FIRE - \$748.00

Provide scene safety, fire suppression, breathing air, rescue tools, hand tools, hose, tip use, foam, structure protection, and clean up gasoline or other automotive fluids that are spilled as a result of the accident/incident.

ADD-ON SERVICES:

Extrication - \$1618.00

Includes heavy rescue tools, ropes, airbags, cribbing etc. This charge will be added if the fire department has to free/remove anyone from the vehicle(s) using any equipment. We will not bill at this level if the patient is simply unconscious and fire department is able to open the door to access the patient. This level is to be billed only if equipment is deployed.

Creating a Landing Zone - \$495.00

Includes Air Care (multi-engine company response, mutual aid, helicopter). We will bill at this level any time a helicopter landing zone is created and/or is utilized to transport the patient(s).

Itemized Response: You have the option to bill each incident as an independent event with custom mitigation rates, for each incident using, itemized rates deemed usual, customary and reasonable (UCR). These incidents will be billed, itemized per apparatus, per personnel, plus products and equipment used.

ADDITIONAL TIME ON-SCENE

Engine billed at \$455 per hour.

Truck billed at \$568 per hour.

Miscellaneous equipment billed at \$341.

HAZMAT

Level 1 - \$796.00

Basic Response: Claim will include engine response, first responder assignment, perimeter establishment, evacuations, set-up and command.

Level 2 - \$2,842.00

Intermediate Response: Claim will include engine response, first responder assignment, hazmat certified team and appropriate equipment, perimeter establishment, evacuations, set-up and command, Level A or B suit donning, breathing air and detection equipment. Set-up and removal of decon center.

Level 3 – \$6,707.00

Advanced Response: Claim will include engine response, first responder assignment, hazmat certified team and appropriate equipment, perimeter establishment, evacuations, first responder set-up and command, Level A or B suit donning, breathing air and detection equipment and robot deployment. Set-up and removal of decon center, detection equipment, recovery and identification of material. Disposal and environment clean up. Includes above in addition to any disposal rates of material and contaminated equipment and material used at scene. Includes 3 hours of on scene time - **each additional hour @ \$336.00 per HAZMAT team.**

ADDITIONAL TIME ON-SCENE (for all levels of service)

Engine billed at \$455 per hour.

Truck billed at \$568 per hour.

Miscellaneous equipment billed at \$341.

FIRE INVESTIGATION

Fire Investigation Team - \$313.00 per hour.

Includes:

- Scene Safety
- Investigation
- Source Identification
- K-9/Arson Dog Unit
- Identification Equipment
- Mobile Detection Unit
- Fire Report

The claim begins when the Fire Investigator responds to the incident and is billed for logged time only.

FIRES

Assignment - \$455.00 per hour, per engine / \$568.00 per hour, per truck

Includes:

- Scene Safety
- Investigation
- Fire / Hazard Control

This will be the most common "billing level". This occurs almost every time the fire department responds to an incident.

OPTIONAL: A fire department has the option to bill each fire as an independent event with custom mitigation rates. Itemized, per person, at various pay levels and for itemized products use.

ILLEGAL FIRES

Assignment - \$455.00 per hour, per engine / \$568.00 per hour, per truck

When a fire is started by any person or persons that requires a fire department response during a time or season when fires are regulated or controlled by local or state rules, provisions or ordinances because of pollution or fire danger concerns, such person or persons will be liable for the fire department response at a cost not to exceed the actual expenses incurred by the fire department to respond and contain the fire.

Similarly, if a fire is started where permits are required for such a fire and the permit was not obtained and the fire department is required to respond to contain the fire the responsible party will be liable for the response at a cost not to exceed the actual expenses incurred by the fire department. The actual expenses will include direct labor, equipment costs and any other costs that can be reasonably allocated to the cost of the response.

WATER INCIDENTS

Level 1

Basic Response: Claim will include engine response, first responder assignment, perimeter establishment, evacuations, first responder set-up and command, scene safety and investigation (including possible patient contact, hazard control). This will be the most common "billing level". This occurs almost every time the fire department responds to a water incident.

Billed at \$455 plus \$57 per hour, per rescue person.

Level 2

Intermediate Response: Includes Level 1 services as well as clean up and material used (sorbents), minor hazardous clean up and disposal. We will bill at this level if the fire department has to clean up small amounts of gasoline or other fluids that are spilled as a result of the incident.

Billed at \$909 plus \$57 per hour, per rescue person.

Level 3

Advanced Response: Includes Level 1 and Level 2 services as well as D.A.R.T. activation, donning breathing apparatus and detection equipment. Set up and removal of decon center, detection equipment, recovery and identification of material. Disposal and environment clean up. Includes above in addition to any disposal rates of material and contaminated equipment and material used at scene.

Billed at \$2,274 plus \$57 per hour per rescue person, plus \$114 per hour per HAZMAT team member.

Level 4

Itemized Response: You have the option to bill each incident as an independent event with custom mitigation rates for each incident using itemized rates deemed usual, customary and reasonable (UCR). These incidents will be billed, itemized, per trained rescue person, plus rescue products use.

BACKCOUNTRY OR SPECIAL RESCUE

Itemized Response: Each incident will be billed with custom mitigation rates deemed usual, customary and reasonable (UCR). These incidents will be billed, itemized per apparatus per hour, per trained rescue person per hour, plus rescue products used.

Minimum billed \$455 for the first response vehicle plus \$57 per rescue person. Additional rates of \$455 per hour per response vehicle and \$57 per hour per rescue person.

CHIEF RESPONSE

This includes the set-up of Command, and providing direction of the incident. This could include operations, safety, and administration of the incident.

Billed at \$284 per hour.

MISCELLANEOUS / ADDITIONAL TIME ON-SCENE

Engine billed at \$455 per hour. Truck billed at \$568 per hour.

Miscellaneous equipment billed at \$341.

MITIGATION RATE NOTES

The mitigation rates above are average “billing levels”, and are typical for the incident responses listed, however, when a claim is submitted, it will be itemized and based on the actual services provided.

These average mitigation rates were determined by itemizing costs for a typical run (from the time a fire apparatus leaves the station until it returns to the station) and are based on the actual costs, using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance) and labor rates (an average department’s “actual personnel expense” and not just a firefighter's basic wage). The actual personnel expense includes costs such as wages, retirement, benefits, workers comp, insurance, etc.

Fire Recovery USA agrees Company agrees to bill the responsible party on the Client’s behalf for services provided/rendered during motor vehicle incidents and other emergency incidents. The Mitigation Rates lists in Exhibit A will increase by 1.5% annually or based on the annual percentage increase in the Consumer Price Index (CPI), as developed by the Bureau of Labor Statistics of the U.S. Department of Labor, whichever is more. Rate adjustments will occur on the anniversary date of this ordinance/resolution to keep the fire department's cost recovery program in conformity with increasing operating expenses.
